Triumph Gold Announces Appointment of Brian May as Company President

Vancouver, B.C., September 20, 2021 – **Triumph Gold Corp.** (TSX-V: TIG | OTCMKTS: TIGCF) (“Triumph Gold” or “the Company”) is pleased to announce the appointment of Mr. Brian May, P.Geol. as President, effective October 1st, 2021. Mr. May held the title of Chief Geoscientist with Triumph Gold since November 2020 and was an integral part of the exploration team that prepared and executed the 2021 exploration program at Freegold Mountain.

“Brian has been instrumental working with our technical team for the past 11 months at bringing the Freegold Mountain Project to a stage where we can develop the resources on the property quickly,” said Chairman John Anderson. “Brian has an in-depth knowledge of the Western Cordillera having worked in the Yukon, British Columbia, California, Arizona, and Nevada. He has built incredible value for the projects he was involved with which will help Triumph immediately.”

Most recently, Brian was a Senior Geologist with Elko Mining Group, where he was a key member of the Geology team helping advance and optimize several high-profile gold projects in Nevada including Goldfield, Ruby Hill, Spring Valley, and Pinson, and Mineral Park in Arizona. He has also previously held roles with New Gold Inc. as an Ore Control Geologist and Exploration Geologist, where he helped increase resources and reserves through drilling and modeling at the Mesquite Gold Mine in California and the New Afton Copper-Gold Mine and Blackwater Gold Project in BC. He brings a highly regarded professional reputation, solid leadership skills, team building capabilities, excellent geological intuition, and a strong technical background.

Brian is a registered Professional Geoscientist with the Engineers and Geoscientists of British Columbia (EGBC) and is also a Director with North Valley Resources Ltd.

About Triumph Gold Corp.

Triumph Gold Corp. is a Canadian based, growth-oriented exploration and development company with a district scale land package in mining friendly Yukon. The Company’s 100% owned, road accessible, flagship Freegold Mountain Project is in the Dawson Range Cu-Au Belt and is host to three NI 43-101 Mineral Deposits (Nucleus, Revenue, and Tinta Hill). The Project is 200 square kilometres and covers an extensive section of the Big Creek Fault zone, a structure directly related to epithermal gold and silver mineralization as well as gold-rich porphyry copper mineralization. Led by an experienced management and technical team, Triumph Gold is focused on actively advancing the Freegold Mountain Project using multidiscipline exploration and evaluation techniques.
